The Cambridgeshire Door Panel Collection

The CDP features a comprehensive selection of moulded door panel designs combining with a range of decorative glass that is both innovative and classically stylish which you will find both practical and aesthetically pleasing. This choice incorporates acrylic liquid lead, traditional hand-crafted lead, genuine glass bevels and the latest Crystal Resin technology.

Our products are carefully designed to compliment and enhance your property, and will maintain their good looks for many years to come.

Our door panels are manufactured from high quality PVCu which is flame retardant achieving a Class 1 rating for surface spread of flame. UV stability ensures the colour will be maintained despite exposure to the severest weather conditions and a high density core material provides excellent thermal and acoustic values.

Our products are subject to rigorous performance testing to ensure our consistent high quality standards are maintained and your assurance is guaranteed by a full ten year warranty.

All glazing complies with current building regulation requirements and includes toughened safety glass as standard. An obscure glass may be specified with all designs, which provide a level of obscurity within their individual design.

A range of high quality furniture may also be specified including letter plates, knockers, spy viewers and brass numerals to individualise your door.

All door panels are available in a choice of White, Mahogany, Light Oak or Rosewood finishes colour matched to your profile.

**“Where quality isn’t expensive...
...it’s priceless”**
